Sadistic Shills

[https://blogger.googleusercontent.com/img/b/R29vZ2xl/AVvXsEiMgmWRFxUcYVsZRAaKYrf4Dn933SqaeOSElrVk9qsINv8MsCcV-kSSgFsn4Eb0jrwstzGJYcL7TIrvzU1UMNSzUkU16PsmHJBCqREXzd6J85m5QZnpCclY3hrKVo6VdyFxMvTq8MeyQSc/s800/David+Icke.jpg]

Hideous cross eyed insecure wart faced and deformed dolphin fingered child rapist along with being a third eye initiator leading his followers into third eye temporalness. The insults I make to David Ike are to point out his insecurities and insecurities can lead to hate which is what Icke is; A hate filled lying psychopath out to destroy the human spirit. Icke is leading the weak minded into eternal death. Look up any David Icke video. All the commenters are praising him mindlessly. He is an occultic cult leader who claims stupid nonsense about 40 foot shapeshifting reptilian aliens, holographic reality, and the moon being an artificial alien mind control satellite as well as telling people to invoke snake spirits to open their demonic third eyes. David Icke is a conscious reptilian. Not an interdimensional shapeshifting reptilian but a reptilian complex basal ganglia minded temporal creep.

SHILLS

Below is a list of shills and they all make money pretending to expose the NWO. The term shill derives from schillings a former European currency. They are all also murderous gang stalking commanders and psychotic egomaniacs who go into narcissistic rages when they are exposed for not exposing real criminals. They use covert tactics to viciously attack me just for posting articles on their channels because exposing what they won't makes them look like liars because it proves they omit the truth. They are blasphemers who make up insane lies attempting to steal credit from others who actually expose the NWO. Most of them get intoxicated off human blood. They are really murderous and ruthless and that is why they do what they do. Steven Crowder is a major gang stalking commander and he is completely murderous and psychotic and his business is making money promoting Conservatism while pretending to be righteous and against evil. The shills on YT are all propped up by YT which is how they get so much attention. It is rigged. They also rig their view counts and pay commenters to promote them because it distracts away from the real people who expose the NWO. None of these shills or alt media agents expose the hundreds of high level criminals running the NWO. They all claim to be against corruption and evil though. They do not expose the leadership of the NWO. None of these shills expose organized crime or the mafia. They neglect thousands of important facts. That is the proof they are 100% shills and liars. Adam Green from Know More News only blames Zionists yet he barely names any high level Zionists. In one of my articles I name dozens of top Zionists he never mentions. He finally named Ronald Lauder after I called him out for it. The other day I heavily exposed Unit 8200 in my article on the Luxembourg royals and the very next day one of his guests made a vague reference to them. That is the first time I have ever heard an anti-Zionist mention Unit 8200. The shills that only blame Zionism are all the same. They repeat the same stuff and lies. They never name most of the high level Zionists, they are some of the biggest liars in the shill spectrum, and they never name any other criminals and if they do they claim they are crypto Jews or agents of Jews while totally ignoring the European royalty and nobility. They also never name non Jewish billionaires. They say things like the Jews run all the media. The Hearst and Disney families are not Jewish and both of them are major media owners. The Hearsts are worth 30 billion. The Murdochs are also not Jewish and own Fox News and worth about 20 billion. The Thomson family own Routers and are non Jewish British nobles that are worth tens of billions. These shills make up absurd claims like the Rothschilds own Routers. They don't but the Thomson family do and they are nobles under the British Crown just like the Rothschilds are. The Rothschilds are also married with Italian Roman Catholic nobles like the Aldobrandinis and Brandolinis. Few ever mention that. There are many Zionist criminals however they are not the only criminals and Zionists are not at the top. They work for the top. These shills all constantly lie and these alternative media shills are as bad or sometimes worse than the mainstream media. Paul Romano is a ruthless pedophile and New Age shill who works for David Mayer de Rothschild and they are both insane and blasphemous. David Icke is another one who mostly

focuses on Zionists as well as reptilian aliens which do not exist. This is how absurd they all are. David Icke is one of the most disgusting and blasphemous fiends on the planet and he stinks like a rotting swamp. David Icke is a pedophile and a pathetic joke.

These shills support and promote things like political parties, politicians, and organized religion. Many of them also make up absurd lies like flat earth, aliens, and interdimensional shapeshifting reptilians as David Icke does. The few that name a some high level criminals or talk about topics like the Black Nobility as Craig Oxley does lie constantly. Oxley made up the non existent Pepe Orsini while not naming actual members of the Orsinis and not naming basically 90% of top families of the Black Nobility and he also wont mention any of the royals and nobles of Germany. Oxley also tells people to drink urine and he is insanely blasphemous and stalks me constantly through his connections with MI6 and the Tavistock Institute. Craig Oxley says "promote the Prometheans" and there is a statue of Prometheus at Rockefeller Plaza. The Rockefellers financed the Tavistock Institute which are a psychological terrorist organization and part of British intelligence. Tavistock works with most of these shills as well as gang stalkers. ReallyGraceful is another insane blasphemer who gang stalks men to death for cannibalism and uses her pathetic lying channel as her bait. She also talks like a robot and whenever I am updating my articles with sources she electronically attacks me. Somehow she always knows when I am doing this and that is because she is a criminal working with criminal hackers like all shills do. She works for the Swedish Bernadottes who work closely with the Wittelsbachs which have a portion of command over DARPA. Luke Rudowksi makes daily videos talking about the same thing day after day and never exposes the mafia or actual child traffickers, or mentions murderers and contract killers or any of the royals and nobles. Luke Rudowski works for the Hohenzollerns and Radziwills and he has a Hermetic symbol for his logo. Hermeticism is the occult. The Medicis run Hermeticism and he will never mention them. Rudowski also had staged interviews with Jacob Rothschild and Kissinger and the only reason he was able to do that is because he is one of them. All of them are Tavistock or DARPA agents. Q Anon is a DARPA program. Justinformed said on May 4, 2020 said "A good friend of mine who used to be a code breaker for the NSA" and that video was him claiming DARPA is targeting Trump supporters which is a blatant response to this article. He admitted to be connected with the NSA which actually works with DARPA. They support Trump. Trump is completely corrupt and directly connected with basically every globalized criminal organization there is including the Black Nobility, Sauds, Zionists and Israel, Jesuits, Cosa Nostra, Order of Malta, the Clintons, Epstein, and the Bushs. Q Anon shills could not be any more ridiculous if they tried. Jordan Sather from Destroying the Illusion talks about childish things like aliens and promotes cannibalism with Fiji water from the "Cannibal Islands" with a demonic smirk and takes trips financed by his schillings to Hawaii where he cannibalizes children. Jordan Sather is a horrible person and there is no question that he is a pedophile and cannibal. He promotes Trump. Trump has been kidnapping children and holding them in concentration camps at former Walmarts. All the Trump supporters claim Trump fights the NWO and fights the child traffickers when Trump is a child trafficker. It is completely absurd. Anonymous is a DARPA program and some of them mimic or try to imitate my articles. Another group who is literally copying my articles is Killuminati. They steal my articles and repost them as if they wrote them and then like thugs viciously target me and then start falsely accusing me of stealing from them. They are that ruthless and insane. They do this out of envy. They are criminals who are literal street thugs that worship Tupac or Lesane Parish Crooks. Crooks is his real name and his cult followers are violent, arrogant, and stupid crooks. The shills often command trolls that harass, stalk, and slander me on behalf of them or their bosses. Anonymous are ruthless terrorists that track almost everything write and also target people who read my articles. Brian Young from HighImpactFlix is another shill who pretends to be a Libertarian while promoting Conservatism. Brian Young is also an intellectual thief who steals from others to strengthen his propaganda. They all work for the European royals and nobles. Most of them have paypal accounts and are paid through online bank accounts. All of these shills make money which is what makes them shills. Shill refers to schillings the former European currency. That is who they work for. European royals and nobles. They are all blatant liars and sadistic blasphemers who are directly involved with pedophilia, cannibalism, child trafficking, and child murder, and that is why they do what they do. They are all highly organized and work together and when they get exposed they sacrifice children, get intoxicated off the blood of children, and terrorize people.

There are many more. It is tiring having to look up and investigate these shills. They are all the same and they are extremely violent psychopaths. They are all DARPA and Tavistock agents and I know this because they have access to electronic weapons.

INTELLECTUAL THIEVES

List of online agents claiming to be the authors of my articles. The worst one is Lift the Veil from Your Eyes who originally cited my name as the author and has progressively removed my name and is talking credit for all my articles and writings which took hundreds of hours to research and I have been tortured non stop by these criminals. This fiend copies my articles and acts like they are his. It does not get more pathetic and sadistic than that. All they have to do is link where they originally

found my article and credit my name. People can repost the information all they want but do not claim to be the author of my writings or I am going to call you out for it and respond with violence. I have psychopaths attacking me constantly claiming ownership of my articles or trolls harassing me constantly falsely accusing me of copying other people writings when I post my articles. I have had numerous websites shut down. I have cyber stalkers tracking my writings and stealing them over the years. How can dozens of different people be the authors of my articles when for one I include my personal experiences in them. My articles are all written in the same format. I include sources for my articles. They are out of their minds to be attempting to claim authorship of my articles. They are violent towards me when they do this too. When enough people start calling them out they go "blasphemy is a weapon" This is how utterly psychotic they are. They admit to it and then months later do it again. They have no honor at all. They have no self respect. They are violent and stupid thugs who think they can use violence to steal from people. If they physically tried to steal from me the way they do with my online writings I would kill them outright. Shoot them dead or cut their throats. They are online cowards. Many of these thieves link my blogs to their sites where they copy my articles. One day they have a link to my blog. The next day they remove it and start claiming it is from them. They put up all my articles and pick and choose which ones they link to my blog. They are inconsistent. I have hundreds of thousands of witnesses to confirm these articles came from me. I had about 600,000 views on my WordPress blog before it was shut down a few years ago and that was with hackers meddling with the view counter. How the hell are they going to try and lie to hundreds of thousands of people. I have at least tens of thousands of people who have read my articles I post on YT for the past 7 years. I was exposing most of this on Infowars going back 10 years ago under the name Zeus until I was blocked after exposing Cliven Bundy. I am going to make this clear. I have never seen anyone expose 95% of the criminals I expose until after I exposed them and most of the time its them copying my articles word for word. When I write something or an article online which is then removed like my last three websites from the past three years I have thieves stealing my articles and writings as their own and then when I rewrite the information or repost these articles I get falsely accused of copying them when they are copying me. That is how blasphemous and evil they are. Kobra and his New Age cult group constantly repost my articles and they use them as bait. They are also trying to incorporate me with them by doing this. Kobra and that New Age cult work for the House of Wittelsbach. It is pure evil. There are several more not on this list. There are new ones that pop up every day doing this. Basically anyone reposting my articles on their sites is a shill. Why not just post a link to my articles. They know what they are doing. All they have to do is credit me as the author yet they don't do it because they are malicious. They are all thuggish fiends.

http://ltvfye.blogspot.com/ [http://ltvfye.blogspot.com/]

Lift The Veil From Your Eyes This fiendish devil has been posting my articles as his own and originally he linked to my name and blog including my blog from 2016-2017 called Return of Zeus and Zeusian Revelations from Wix. Then he copied my articles from my WordPress which was another blog that these criminals shut down. Then I had a Weebly blog which he and many others also copied. There is absolutely no point to doing this other than for malicious reasons. This poser uses my information as bait and has an army of gang stalkers targeting readers.

https://mirrorsoftruth1.blogspot.com/2019/01/cabala-cult-of-leon.html [https://mirrorsoftruth1.blogspot.com/2019/01/cabala-cult-of-leon.html]

Mirrors of Truth who mirrors my articles is not crediting me as the author of my articles which he reposts. The gang stalker and serial killer Seth Rozman works with this shill.

https://unicorn144.wordpress.com/tag/prince-roffredo-gaetani/ [https://unicorn144.wordpress.com/tag/prince-roffredo-gaetani/]

Unicorn144 is quoting me in numerous parts of this article and probably in other articles while not mentioning me as the author or source of their quotes and mixing it with other info including false information. The witch and gang stalker Alison McCarthy-Senatro works with this thieving shill.

https://nuevodesordenmundial.com/?p=8850 [https://nuevodesordenmundial.com/?p=8850]

Nuevodesordenmundial is reposting my articles and claiming they are written by him. I have seen my name mentioned in one of my articles he reposted. Others he claims to be the author.

https://www.facebook.com/Killuminatisoldiers3/photos/caetani-or-gaetani-family-gambino-mafia-and-donald-trumpthe-gaetani-dellaquila-d/1292871527478402/ [https://www.facebook.com/Killuminatisoldiers3/photos/caetani-or-gaetani-family-gambino-mafia-and-donald-trumpthe-gaetani-dellaquila-d/1292871527478402/]

The Killuminati cult members constantly steal my articles and claim them as their own. This is the most evil and thieving group of them all. When I still had a Facebook page they would steal my articles and repost them on their accounts all the time. They are still stealing my articles and claiming them as their own. While on Facebook they would collect all my writings and repost them and then they flagged my account until I was kicked off Facebook. They are ruthless thieves and work for Lesane Parish Crooks who faked his death and has been hiding out in Cuba. Killuminati is the most violent group of plagiarists. They are stupid and thuggish fiends.

http://wetheonepeople.com/orsini-rosenberg-alchemical-mafia-disclosure/ [http://wetheonepeople.com/orsini-rosenberg-alchemical-mafia-disclosure/]

We The One People is trying to claim authorship of my articles. He literally claims to be the author of my articles. Often after I expose them they remove their names as authors or later add my name to them. This is all completely absurd and is done to try and discredit me. This is not what I want to focus on however they are causing enough problems to where they need to be dealt with. It is only evil people who would do this.

https://eraoflight.com/2019/07/15/the-house-of-odescalchi-is-the-top-bloodline-of-the-black-nobility/

This person stole my article and again didn't credit me as the author and researcher.

https://coldcast.org/posts/13997

Here is another one who stole my article and is claiming authorship of my published writings

https://m.facebook.com/groups/173522613059560/posts/307593819652438/

This Dawn Johnson stole my writings posing them as her own.

https://m.facebook.com/groups/173522613059560/posts/307593819652438/

It's a very simple concept. Share my articles and writings as much as possible but do not claim authorship of my research articles.

Example: Lift the Veil From Your Eyes stole a large section of my published writings and then mixed it with some disinfo. All of this below is from my research articles from my Wix blog from 2016-2017 which was shut down. In the link he added some other info below it claiming Black Nobility are Venetian which is not really accurate. No where did he credit me as the author and Lift The Veil From Your Eyes, Aplanetruth, and Tabublog have been together gang stalking me, stealing my articles and slandering me. They are vicious.

https://testrun1717679555.wordpress.com/2018/03/14/the-black-nobility

The Black Nobility own and run the Vatican, SMOM, Jesuits, KOC, and La Cosa Nostra. The European Monarchies like the British Crown are branches of Rome and they manage secret societies like the Freemasons which infiltrate government agencies and run corporations for the monarchs. The SMOM is the top military council and it works closely with the Orders of St John ran by Protestant monarchs. The Knights of Malta are the engineers of war. The royal and noble bloodlines are all working together as a global crime syndicate and part of the modernized Roman Empire. The Greek royal House of Glucksburg run the Greek fraternities and sororities and use initiates as their agents. Many Knights of Columbus are police officers, mayors, lawyers, and judges and they protect the Italian Mafia.

The Italian Mafia are enforcers for Rome involved in extortion, money laundering, murder, and drug trafficking; and they pay their dues back to the Sicilian Mafia which pay dues back to the Black Nobility. Court Jews like the Rothschild, Warburg, Walton, Wallenberg, and Dreyfus families serve the Roman Curia and royal courtrooms like Buckingham Palace and Stockholm Palace. The French House of Bonaparte and Swedish House of Bernadotte control many major European corporations through their knights of the Order of Seraphim and Legion of Honor running the European Round Table of Industrialists. The Holy See is the All Seeing Eye and operates as an intelligence network. The Latin phrase Novus Ordo Seclorum means New Order of the Ages and is on the US dollar bill and US Great Seal. The Vatican uses Latin as an official language and for documents. The Black Nobility and other royal families have been concealing trillions in private banks in Luxembourg, Liechtenstein, and Switzerland. The royal families of Luxembourg and Liechtenstein own and run their own national and private banks. The Este and Lorraine families are top Swiss bankers. The Erlach and

Brandi families are Swiss financial tax advisers enabling corruption. The Swiss Guard protects the Vatican. The Swiss Cantons have been in contract with the Vatican for centuries and Switzerland is basically a papal state. The Italian Savoy and Austrian Habsburg families oversee Switzerland for the Black Nobility. The Passi de Preposulo and Ferragamo families oversee Hollywood. They own the Holy See which is a corporate entity headquartered at the Vatican City State which was established as a nation in 1929 under Benito Mussolini who was put in power by the House of Savoy. Some top families in the Black Nobility include the Pallavicini, Colonna, Ruspoli, Sforza-Cesarini, Aldobrandini, Odescalchi, Torlonia, Gaetani, and Massimo families.

Prince Carlo Massimo and Duke Leopoldo Torlonia are running the Sovereign Military Order of Malta. Prince Carlo Massimo is the President of the Italian Association for the Order of Malta and is the one giving the orders. Prince Carlo of Bourbon-Two Sicilies is a top manager of the Society of Jesus. The Jesuits are Roman intelligence and infiltrators serving the Black Nobility authorized by the Farnese family's Pope Paul III. The Bourbon-Two Sicilies family are the continuation of the Farnese family and Farnesivs is engraved on the Jesuit's headquarters called the Gesu Church of Rome. The Torlonia family own the Kansas City crime family and share ownership over the Pittsburgh crime family with the Borghese family. The French House of Orleans own the New Orleans crime family and the French-British Beaufort family oversee the Dixie Mafia. The Sforza family own the Stidda Mafia clans which operate in their former territory of Milan. The Aldobrandini family are owners of the DeCavalcante crime family of New Jersey. The Colonna family are running the Knights of Columbus and Colombo crime family as well as sharing ownership over the Chicago Outfit with the House of Capponi. Colonna means column like Colombo and Columbus. The Massimo and Gaetani families own and run the Gambino crime family and Philadelphia crime family. The Massimo family also own and run the Casamonica mafia clan or Roman Mafia and the Nuclei Armati Rivoluzionari which still exists. The Massimo family of Roccasecca own the Clerkenwell Mafia of London. The Lucchesi-Palli and Pallavicini family own the Lucchese crime family. The Greco-Roman Giustiniani family run the Philly Greek Mob. The European Union is based on the Treaty of Rome and was signed in Rome at Capitoline Hill. The President of the European Central Bank is Mario Draghi who was born in Rome and Jesuit educated at the Massimo Institute. The Erba-Odesclachi with ancestry from Cernobbio, Italy run CERN with Roman born Fabiola Gianotti as the Director-General of CERN.

The Boncompagni-Ludovisi family run the Casalesi mafia clan which operates in their former dukedoms and also control the Bonanno crime family. The Adragna family of Sicily run many of the N'Drangheta factions along with the Gaetani family and the House of Adragna are part owners of Los Angeles crime family which was built up by the Dragna crime bosses like Jack Dragna. The Odescalchi family run the Detroit Partnership and some Slavic mafias. The House of Savoy own and run the Genovese crime family. Don Vito Genovese was from Naples and Prince Vittorio Emanuele IV of Savoy is the Prince of Naples. The Chigi-Albani family run most of the Albanian mafia like the Rudaj Organization. The Corsini, Medici, and Bonaparte families are the owners of the Union Corse or Corsican Mafia. The House of Windsor and German nobility like the Saxe-Coburg and Gotha, Hohenzollern, Hesse, Furstenberg, and Hanover families run and finance various Neo-Nazi cults and Nazi propaganda while they also control many of the Jewish banking families through their royal courts. The House of Bourbon and Spanish noble families run most of the Mexican and South American drug cartels. The German nobility were Nazis. The Windsor and German noble families also run the Aryan Brotherhood of Texas. The Irish Barons run the Irish Mafia and Aryan Brotherhood. The Windsor and Bush families control covert paramilitary organizations and mercenary armies branched off from the military like G4S, KBR, and Vinnell Corporation. The Bush family runs the military industrial complex in the United States

with Vannevar Bush founding Raytheon and Wesley G Bush running Northrup Grumman. The Mars and Walton families are mega billionaires and like royalty in the United States. The Islamic royal families were appointed by European royalty in the 19th and 20th centuries and especially after WWI. The Mid East royalty run the oil industry and use their massive wealth to finance globalist agendas for being allowed to rule their nations. The House of Bourbon and Spanish nobility like the Osorio, FitzJames, and Aragon families run most of the Mexican and South American drug cartels. The House of Bourbon are the founders and owners of Santander Bank. The King of Spain holds the official claim to King of Jerusalem

(Then Lift the Veil adds some disinfo)

Look up Mark Alan King and his work with gematria. Also i am a real truther for over 20 years.
I prefer to call the so called 'crypto jews' as 'tares', because i know it goes way beyond being 'jewish'.
The tares are found mixed in among all races and nations of people.
I know David Icke is an agent and one of them, but he is right about the wicked rulers world wide being 'reptilians'.
Because the tares are reptilian hybrids, that were created by Satan and his fallen angels, who injected their seed into human females and spawned their own satanic bloodline. These can be collectively called the 'seed of Cain'.
These tares and freemasons altered the bible, so this is not stated explicitly anywhere in any official bible now.

Many of them also make up absurd lies like flat earth

Your credibility just vapourized with this statement.
It is you who now looks like a shill!
Because the flat is one of the most important hidden truths, which i have realised through my own observations.

First of all the term shill refers to schillings the old European currency and means a person who gets paid to spread disinfo. Not only have I never made any money from my blogs or online work I have used my own money to be able to share my research freely with everyone. Second of all you can see the Earth's curvature from a plane, high altitude and especially a broad view of the oceans horizon. The Earth is spherical just like the sun and moon. It's idiots with the intellect of Shaq who think this nonsense. Shaq literally claims the Earth is flat and is a Prince Hall Freemason. Thirdly get lost with that gematria garbage.

jj January 26, 2022 at 3:18 PM

Appreciate you Zeus for exposing the devils who run this world but may I ask… How do you know that the massimos are the real ones running the NWO and how do you know that it doesn't go much deeper than them? It did make sense when I realized that the name "Massimo" translates to "maximum" and "highest" but I couldn't find any other solid evidence that proves that they're running the show. I'm sure you have real life experience with these criminals but keep up the great work. You have some serious courage to keep doing what you're doing.

IzrealZeus January 27, 2022 at 10:14 AM

About 7 years I researched them and exposed them in an article. They responded by activating countless psychopaths to attack me from all spectrums in life. I continued exposing them and they threatened WWIII. Then Putin went to Greece and threatened war with NATO the next day. It's their reactions and display of power over the NWO. My guess is Prince Fabrizio Massimo overall runs a covert militant/mafia council in Rome with a group of gangster nobles some who are hidden. Another thing. Prince Fabrizio relentlessly denies running the NWO and gets his minion families like the Savoys, Lignes, Wittelsbachs, Hohenzollerns, egomaniacs in Hollywood and many others to react in a defensive position towards him and declare themselves in a braggart way to be the rulers of the NWO. It's just obvious.

Thanks for replying back 👍 Last year Steven James Dishon actually made a comment on a YouTube video I made and was using fake niceness as a cover.

jj January 29, 2022 at 12:14 PM

You have some very interesting and accurate information on your website. Do you have some more info on a call for an uprising? I've noticed he constantly deflects attention away from the Black nobility and blames Freemasons for everything.

IzrealZeus January 30, 2022 at 5:27 AM

A Call For An Uprising works for the Hell Fire Club and is managed by Erik Alexander Hofemeister. They are Satanic-Christians zealots.

jj January 30, 2022 at 3:01 PM

I apologize if I'm asking too many questions in your comments section but ever since I found out about your website 2 years ago I was just shocked and there's so many things I'm still very curious about with what you've exposed. Do you know which families manage the Christianity and Islam religions? How did you find out that Richie from Boston sacrifices children? And do you have more info on Dahboo77? I've tried researching about these shills and who they're connected to and what they're involved with behind closed doors but I couldn't find anything about that unless it's something about a psychotic mainstream celebrity involved with pedophilia and trafficking. Thanks again Zeus for your efforts 👍

IzrealZeus January 30, 2022 at 3:39 PM

Its all good. The European royals and aristocrats manage Christianity with Black Nobility managing the Vatican. Catholic means universal. Protestant royals manage Protestantism. Middle Eastern royals and nobles manage Islam in the Middle East although the Pallavacinis who have an Italian Muslim Sunni branch manage Sunni Islam. As for the shills like Richie. Richie has attacked me numerous times and works with a group of occultists who kill children. They do this sometimes in the middle deserts. Richie travels into deserts.

jj January 30, 2022 at 4:28 PM

And he works with Tyler Mullen as well who is still active on YouTube. Every single one of them deserve the most brutal execution imaginable.

Zeus add here Max Igan as well, he keeps saying secret societies/freemasons are not all bad, well he is one of them by defending them. Why would you defend a secret society that is secretive and non transparent, having charities they use for money laundering.

First of all the term shill refers to schillings the old European currency and means a person who gets paid to spread disinfo. Not only have I never made any money from my blogs or online work I have used my own money to be able to share my research freely with everyone. Second of all you can see the Earth's curvature from a plane, high altitude and especially a broad view of the oceans horizon. The Earth is spherical just like the sun and moon. It's idiots with the intellect of Shaq who think this nonsense. Shaq literally claims the Earth is flat and is a Prince Hall Freemason. Thirdly get lost with that gematria garbage.

Appreciate you Zeus for exposing the devils who run this world but may I ask… How do you know that the massimos are the real ones running the NWO and how do you know that it doesn't go much deeper than them? It did make sense when I realized that the name "Massimo" translates to "maximum" and "highest" but I couldn't find any other solid evidence that proves that they're running the show. I'm sure you have real life experience with these criminals but keep up the great work. You have some serious courage to keep doing what you're doing.

About 7 years I researched them and exposed them in an article. They responded by activating countless psychopaths to attack me from all spectrums in life. I continued exposing them and they threatened WWIII. Then Putin went to Greece and threatened war with NATO the next day. It's their reactions and display of power over the NWO. My guess is Prince Fabrizio Massimo overall runs a covert militant/mafia council in Rome with a group of gangster nobles some who are hidden. Another thing. Prince Fabrizio relentlessly denies running the NWO and gets his minion families like the Savoys, Lignes, Wittelsbachs, Hohenzollerns, egomaniacs in Hollywood and many others to react in a defensive position towards him and declare themselves in a braggart way to be the rulers of the NWO. It's just obvious.

Thanks for replying back 👍 Last year Steven James Dishon actually made a comment on a YouTube video I made and was using fake niceness as a cover.

You have some very interesting and accurate information on your website. Do you have some more info on a call for an uprising? I've noticed he constantly deflects attention away from the Black nobility and blames Freemasons for everything.

A Call For An Uprising works for the Hell Fire Club and is managed by Erik Alexander Hofemeister. They are Satanic-Christians zealots.

I apologize if I'm asking too many questions in your comments section but ever since I found out about your website 2 years ago I was just shocked and there's so many things I'm still very curious about with what you've exposed. Do you know which families manage the Christianity and Islam religions? How did you find out that Richie from Boston sacrifices children? And do you have more info on Dahboo77? I've tried researching about these shills and who they're connected to and what they're involved with behind closed doors but I couldn't find anything about that unless it's something about a psychotic mainstream celebrity involved with pedophilia and trafficking. Thanks again Zeus for your efforts 👍

Its all good. The European royals and aristocrats manage Christianity with Black Nobility managing the Vatican. Catholic means universal. Protestant royals manage Protestantism. Middle Eastern royals and nobles manage Islam in the Middle East although the Pallavacinis who have an Italian Muslim Sunni branch manage Sunni Islam. As for the shills like Richie. Richie has attacked me numerous times and works with a group of occultists who kill children. They do this sometimes in the middle deserts. Richie travels into deserts.

And he works with Tyler Mullen as well who is still active on YouTube. Every single one of them deserve the most brutal execution imaginable.

Zeus add here Max Igan as well, he keeps saying secret societies/freemasons are not all bad, well he is one of them by defending them. Why would you defend a secret society that is secretive and non transparent, having charities they use for money laundering.

Look up Mark Alan King and his work with gematria. Also i am a real truther for over 20 years.
I prefer to call the so called 'crypto jews' as 'tares', because i know it goes way beyond being 'jewish'.
The tares are found mixed in among all races and nations of people.
I know David Icke is an agent and one of them, but he is right about the wicked rulers world wide being 'reptilians'.
Because the tares are reptilian hybrids, that were created by Satan and his fallen angels, who injected their seed

into human females and spawned their own satanic bloodline. These can be collectively called the 'seed of Cain'. These tares and freemasons altered the bible, so this is not stated explicitly anywhere in any official bible now.
